

## ROBERT HENLE'S FIRST YEAR LATIN

During this class we will read through all of **Robert Henle's First Year Latin**.

If you do not yet have it, the book is available from Amazon [here](#).

If you prefer a digital copy, simply add it to a google books account [here](#).

You will not need a physical dictionary for this course. Instead, I recommend the free (and fantastic) [Whitaker's Words](#). You will find the site [here](#).

This is an intensive Latin class. We will read the entire **First Year Latin** book in, get this, the *first* year. This is how the book was designed, hence the title: **First Year Latin**. Reading the book in one year, is, however, ambitious. Other programs offer the same course, using the same book, in two years or more. If you feel you need more time, you will find more information about an alternative course [here](#).

This class moves rapidly. Keeping up will be tough. Use [Visual Latin](#) videos to help you with difficult concepts.

Do not, however, try to watch every [Visual Latin](#) video suggested with each Henle chapter. You will overwhelm yourself. If you know you will be joining the Henle class in the fall, it is best to start working your way through Visual Latin **now**. If you watch [Visual Latin](#) **before** the Henle class begins, you will be ahead of the game.

From time to time you will miss a class. No worries. To view previous classes, you will need to register as a new user on my site: <http://www.dwanethomas.com/>.

After you register, I will be able to let you into the “member’s only” page where you will find the recordings. Once you have done this, let me know. It’s a little annoying, but I have to go in and add students manually. If you’d rather follow instructions via video, here you go: [https://www.youtube.com/watch?v=RSvdAZCKb\\_8](https://www.youtube.com/watch?v=RSvdAZCKb_8)
